

# Central Mass Women Veteran Group

At Project New Hope Inc., we are committed to serving those who have served us. With great enthusiasm, we introduce our summer series for the Central Mass Women Veteran group—a community initiative designed specifically for our female Veterans, Reserve, and Active Military, and National Guard members. This program aims to foster a nurturing environment where courageous women can build relationships, share experiences, and access valuable resources and support.

Project New Hope Inc., is more than an organization; it is a beacon of hope and support in the lives of those who have given so much for our freedom. Through initiatives like the Central Mass Women Veteran group, we continue to honor and support our female Veterans and Military members by providing them with the community and resources they need to succeed.

Join us this summer and be part of something truly transformative!
